Subject: Current status of Sunshine Campground PLO

The package was bogged down in a logjam on someone's desk. Our inquiry today helped to free it, so it's a good thing you asked about it.

I informed the W/D coordinator of your anticipated late August decision and asked if the PLO would be ready by then. She thought late August was optimistic, but that early September is possible. I'll continue to check up on it periodically to make sure it doesn't get bogged down again.

Respectfully,
